DAILY NEVADA STATE JOURNAL

C. C. Powning Editor & Proprietor

FRIDAY............NOVEMBER 16, 188.

The Treasury officials have discovered that they have been robbed, of new silver dollars, but to what extent or by whom they do not know. Secret Service detectives are now making an investigation. The robbery was discovered several days ago, and it has been kept an intense secret until now. The Mint at New Orleans has been overloaded with new silver coin, and to relieve it the department is shipping millions of dollars to Washington to be stored in the new silver vault in the Treasury court-yard. The loss was first brought to the attention of Acting Secretary Thompson on Wednesday morning, the day after election, and he put the detectives on at once. Further investigation showed that small amounts had been taken from each of a number of boxes. The indications are that there is systematic stealing being done, and it may amount to a large sum, but how large they are unable to estimate. The department will probably hold that the express company is responsible, but it will take some time to learn the extent of the loss.

Gen. Harrison is going to make up his own mind and rely on his own judgment in selecting the members of his Cabinet. Eastern statesmen have already suggested the names for the several portfolios, but there is a predominant element of self reliance in the character of the President-elect that may not meet with the ultimate approval of those whose ambitions lead them to aspire to Cabinet offices. It is, perhaps, as near the fact as can be ascertained to state that General Harrison has not begun to think of his Cabinet, and he probably will not until he has had at least a chance to read the congratulatory telegrams which are pouring in on him. He is a statesman of decided views, though, and when he concludes to look into the qualifications of those whom he may deem worthy of his consideration he will not be influenced to any great degree except by those party leaders, possibly, whose opinions are entitled to weight.

The majorities piled up in the extreme Southern States for the Democratic ticket are ridiculous and malicious and answer no good purpose. Of course with the peculiar method of obtaining these majorities there need be no limit except that of the white population.

Texas gave Cleveland four years ago 130,000 majority. This time she gives him 150,000. It might have been 200,000. In Mississippi, South Carolina and Louisiana the same observation holds true. The increased majorities in those States, which are really Republican, only serve to bring out in still stronger light the illegal, audacious, corrupt and wicked methods by which they are obtained.

Some Irish-American Republicans have asked General Harrison to name Wharton Barker, the Philadelphia banker, for a place in the Cabinet. Mr. Barker is considered one of the best financiers in the country, and ought to make a good Secretary of the Treasury.

The Department of State does not anticipate any serious results from the complications between this country and Peru growing out of the seizure of the building in which was situated the U. S. Consular Agency at Molendo, Peru.

Four first-class clerks, with two others, drawing $2,200 have been discharged from the New York Custom House for talking abusively of President Cleveland since the election. They were "hold-over" clerks.

It is one of the most instructive sights of the year to witness the venerable Charles A. Dana heaping bushels and bushels of good advice and profound political wisdom on the bowed head of the Democracy.

Every Pacific Coast newspaper should stand for a Coast man in the Cabinet. To it the Coast is entitled, no matter whether the man comes from California, Oregon or Nevada.

De Haven is elected to Congress from the First California district, a gain of one Republican for the Golden State. At the next election old Biggs will be knocked out.

The dollar-a-day lie is one of the most forlorn wrecks that the late political cyclone left high and dry on the beach at the mouth of Salt River.

What a Pan-electric shock the election returns have given Attorney General Garland!

Congressman Mills is saved, but in a damaged condition. His bill is broken short off.

Kansas is the banner Republican State. Harrison's majority is 82,000.

NORTH AND SOUTH.

Governor John P. Gordon's Inaugural Address.

ATLANTA, (Ga.), Nov. 13th.—Governor Gordon was inaugurated on his second term to-day.

Governor Gordon, in his inaugural speech, said: "I will not undertake to predict the policy that will be pursued toward the South when the triumphant Republican party shall have gathered into its hands all the powers of the Legislative and Executive departments of the Government. My profound conviction is, that no overwhelming or crushing calamity will or can befall our people. I cannot believe that alienation and strife is to be the lasting heritage from an unhappy war, notwithstanding the melancholy fact that some of the leaders of the successful party, with great abilities and in high places, seek year by year to estrange the two sections and embroil the races. No, the strangulation of States by Federal intervention will never be tolerated by the American people. In the light of public sentiment, as illustrated by the cordial reunion of both armies at Gettysburg and elsewhere, with peace and prosperity cheering alike both Southern and Northern homes, with the ties of social intercourse multiplying and strengthening, with Northern products in the hands of Southern consumers and Northern money in Southern bonds, railroads, mills and mines, with both material interest and political liberty at stake, how can we doubt that the great conservative masses of our Northern country would cause even the most inconsiderate of leaders to turn from the brink of the precipice? Take courage, then, in the thought that their interest is our interest, our prosperity their prosperity, our State freedom their State freedom, and that whatever may be demanded by partisan leaders the day has long since passed when the American people can coldly contemplate the destruction of the Union by destroying the equality of the States that compose it."

BLAINE'S POSITION.

What Will it be Under the New Administration.

AUGUSTA, (Me.), November 13th.—There are rumors here that Mr. Blaine is uncertain what course General Harrison will pursue toward him and is awaiting the result with deep anxiety. Should General Harrison yield to his wishes, he will accept a Cabinet position, or place one of the Maine Senators in the Cabinet, if possible and take the Senatorship himself. A gentleman who holds a very important office under the State Government has long thought that Mr. Blaine wanted to be Senator and he said to-day: "I am still positive that Mr. Blaine is looking toward the Senate and I shall continue to think so until he accepts something else. I know that just before his departure for Europe he told a prominent Republican that he would be pleased to enter the Senate, and I don't believe he has changed his mind. There is only one way for him to get there, and that is for him to give either Senator Frye or Senator Hale a Cabinet position or to oust one or the other completely, a performance which would surely be accompanied by one of the most acrimonious political blows his State ever witnessed. Senator Frye is exceedingly popular in the State, and has a large personal following at his back, even against Mr. Blaine. Mr. Frye said recently: "I see that I have been mentioned for a Cabinet position. Such a thought never entered my mind. I regard a seat in the Senate as much more desirable."

There seems a general feeling among Mr. Blaine's friends in this city and in fact, throughout the State, that he would accept the portfolio of State, and they are urging him to do so. At any rate he certainly will not remain idle or stay at home.

Military Changes

WASHINGTON, Nov. 15.—A formal order issued by the Secretary of War today relieved General Schofield, at his own request, of the command of the Army of the Atlantic, owing to his inability to perform the necessary work in addition to the general command of the army. General Howard will be transferred from the Division of the Pacific to the Division of the Atlantic. General Miles from the Department of Arizona to the Division of the Pacific, and Col. Grierson, of the Tenth Cavalry, to the Department of Arizona.

Somewhere in a cold, damp, gloomy place;
In no man's land, in Salt Creek land,
Two dismal shapes met face to face,
And bade each other stand.

"Who are you? said one, and wonder-struck,
It looked into the other's eye.
"Why, I am Grover Cleveland's Luck!
And you?" "I'm the Campaign Lie!

Just Too Nice for Anything.

Minneapolis Tribune: Wouldn't it be nice now if Harrison made Blaine Secretary of State, put John Sherman in the Treasury, with Allison and Gresham as Secretary of the Navy and Attorney General, Alger as Postmaster **General, and Foraker as Secretary of War.**

DELEWARE DEMOCRATS.

They Will Not Try to Steal a United States Senator.

WASHINGTON, November 13.—The Democrats have called a halt in their attempt to defeat the result of the election by resorting to revolutionary methods to prevent the election of a Republican United States Senator from Deleware. They undoubtedly had planned to unseat the Republican Senator-elect from Kent on a flimsy technicality, but they cannot afford it. The game involves too great a risk. There are too many chances for reprisals. The only object of the scheme—to save the United States Senator—did not succeed, in any event, and with its failure all inducement ends.

It is not disputed that Richardson (Rep.) was elected to the Senate from Kent by a clear and unmistakable majority. If a majority of the Legislature were not dependent upon it nobody would think of challenging his title. As it is, there would be disposition enough to throw him out on some trumped-up pretext, but when the disappointed and dismayed Democratic managers look over the ground they will be too discreet to attempt it.

THE SWEET WORD "HOME."

Dr. Talmage Pays a Tender Tribute to an Ever Welcome Theme.

"Home! It is a charmed word. Through that one syllable thrill untold melodies, the laughter of children, the sound of well-known footsteps, and the voices of undying affection. Home! I hear in that word the ripple of meadow brooks in which knee-deep we used to wade, the lowing of cattle coming up from the pasture, the sharp hiss of the scythe amid thick grass, the creaking of the hay rack where we trampled down the load. Home! upon that word there drops the sunshine of boyhood and the shadow of tender sorrows and the reflection of 10,000 fond memories. Home!

"When I see it in book or newspaper that word seems to rise and sparkle and leap and thrill and whisper, and chant and pray and weep. It glitters like a shield. It springs up like a fountain. It thrills like a song. It twinkles like a star. It leaps like a flame. It glows like a sunset. It sings like an angel. And if some lexicographer, urged on by a spirit from beneath, should seek to cast forth that word from the language, the children would come forth and hide it under garlands of wild flowers, and the wealthy would come forth to cover it up with their diamonds and pearls, and the kings would hide it under their crowns, and after Herod had hunted its life from Bethlehem to Egypt, and utterly given up the search, some bright, warm day it would flash from among the gems, and breathe from among the flowers, and toss from among the coronets, and the world would read it bright and fair and beautiful and resonant as before, Home! Home! Home!"—N. Y. Observer.

J. H. CRAIG.

An Iowa Giant Who Is the Largest Man in the World

A writer of a letter to the Davenport Tribune says: During this trip I have been over a large portion of this State and find Iowa has the largest and best corn crop that has ever been raised in the State. Iowa does not only stand at the head of the list as a corn State, but stands at the head also for large men. I was one of the two largest men on a train last week, and the two of us just weighed two pounds over half a ton. I weighed 210 pounds, and the other fellow weighed just 792 pounds. His name was J. H Craig. He is 6 feet, 4½ inches long, and was born in Iowa City thirty-two years ago. He is said to be the largest man in the world at the present time. He is well proportioned, full of fun and as playful as a kitten. He told me that when he went to church he put $1 in the collection basket and took a whole seat for himself. He has weighed 833 pounds, but uses tobacco now to keep his weight down below 800.

All persons who are suffering from any complaints should not fail to take advantage of this opportunity for relief.

THE ELKO SENATOR.—The Board of Commissioners, of Elko county, canvassed the vote of that county yesterday, and it was found that the vote for Senator was a tie between Sproule and Russell. A new election will take place, and it is doubtful if Russell will make the fight for the Democrats.

WON IN THE DARK

The Czar Wins the Equity Stakes at the Blood Horse Races.

Of the Equity stakes race, at the Bay District track Tuesday, the Alta says:

The third race was the Equity stakes, for two-year-olds, three quarters of a mile. It was the event of the day, and probably of the meeting. Such good ones as the Santa Anita Stables' Caliente and Ganymede, both winners in the East, Porter Ashe's Flood Tide, and James Garland's colt by Wanderer, out of Kiss-Me-Quick, about whom a strong tip was circulated, T. G. Jones' Jack Pot, and Theodore Winters' great colt The Czar, by Norfolk out of Marion, were the starters. The Czar was heavily bought in the auctions at $210 against $70 for the Baldwin pair, $47 50 for the Wanderer colt, and $37 50 for the field Kelly rode Flood Tide, Hill, Jack-Pot; Lloyd, Caliente; Monahan, Ganymede; Winchell, The Wanderer, and Carrilo, The Czar.

Considerable trouble was had in sending the youngsters off, all of them being anxious to get away except The Czar, who was as sedate and composed as a veteran. Finally the flag fell to a good start, The Czar slightly in the lead but not in full motion. Jack-Pot rushed to the front, but was soon headed by the Czar, who took the lead and led all the way round, the others close up. At the drawbridge Carrilo closed up on The Czar just as the Wanderer colt and Flood Tide came up with a rush. The Czar was shaken up quite lively by his jockey, who plied whip and spur freely, but could do no better than to make a dead heat of it with the Wanderer colt, Flood Tide next, two lengths behind, and the others close at her heels. Time, 1:15¼. Although the judges decided it a dead heat, many thought The Czar had won by a neck. A proposition to divide the stakes, made by the owner of the Wanderer colt, was refused by Mr. Winters, and it was decided to run off the heat after the fourth race.

The run off between the Czar and the Wanderer colt was then called up for decision. No pools were sold, but the bookmakers laid three to five against The Czar and even money on his opponent. By this time it was so dark that all that was known of the race was that the colts had gone to the starting post. While the spectators were wondering if the flag had been dropped a clatter of hoofs was heard at the drawbridge and The Czar came up in fine style a length ahead of the Wanderer colt and passed under the wire in that order. No time was taken.

The winner deserves more than a passing notice. He is by Norfolk out of Marion, consequently full brother to the celebrated Emperor of Norfolk, who swept everything before him this season on the Eastern tracks, and is the winner of the American Derby. The Czar, who, by the way, ran in blinkers, is an immensely powerful chestnut, with four white legs and a star on his face. He looks more like a three than only a two-year-old, and dwarfed his opponents yesterday by his size and quality. But he seems sluggish and green, though apparently very good tempered. With a little more seasoning and a first-class jockey on him, he will prove a formidable opponent to the Eastern cracks. Mr. Winters was delighted over his victory, and is said to have refused an offer of $15,000 from E. J. Baldwin, the owner of the Czar's brother, the Emperor of Norfolk.

IMPORTANT TO OVERLAND PASSENGERS.—The lines popularly known as the Vanderbilt System of Railroads are the Michigan Central Railroad, the popular "Niagara Falls Route," by which passengers are afforded an unequaled opportunity of seeing the great cataract from Falls View Station, where all trains stop for ten minutes; the Lake Shore and Michigan Southern Railway, the route of the famous steam-heated vestibule train, known as the "Chicago and New York Limited," with its buffet, smoking and library cars, with barber shop and bath room attached, its elegant dining cars and unequaled cuisine and luxurious sleeping cars, by which passengers are landed in New York City in twenty-five hours from Chicago; the famous "Bee Line," the popular route from St. Louis and Cincinnati; and the New York Central and Hudson River Railroad, the "Great Four Track Route." These lines are the great natural highways from Chicago and St. Louis to Cleveland, Detroit, Toledo, Buffalo and New York, and in connection with the Boston and Albany Railroad to Boston and New England points and are world-famous for their magnificent roadway, slight curvature, easy grades and luxurious accommodations. All passengers are landed at the Grand Central Station, situated in the heart of New York City, and are thus saved the delay and annoyance of ferry transfer incidental to other routes. THANKSGIVING PROCLAMATION.

Governor Stevenson's Annual Proclamation.

In accordance with a well established custom, and the recent proclamation of the President of the United States, I, C. C. Stevenson, Governor of the State of Nevada, do hereby designate Thursday, the 29th day of November, 1888, as a day of thanksgiving throughout this State, and advise that so far as practicable the people thereof refrain from work, assemble in their accustomed places of worship, and return devout thanks to the Great Giver for the manifold blessings of the year. And while so doing it is proper that the more fortunate remember the widow, the fatherless, and those who from any cause are in distress or want. "With malice towards none, with charity for all," be thankful the issues of the late political controversy have ended so favorably towards the future prosperity and happiness of our people.

In witness whereof I have hereunto set my hand and caused to be affixed the Great Seal of the State of Nevada. Done at Carson City, Nevada, this 13th day of Nov., 1888. (By the Governor:)

C. C. STEVENSON.

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the Throat and Lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing Consumption and to the head, causing Catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your Throat, Lungs or Nostrils, obtain a bottle of Boschee's German Syrup. It will give you immediate relief.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhœa, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle feb. 21-sw f-ly

RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with $300,000 capital, and the First National Bank with $200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition.

The State Fair is always held at Reno.

Reno is the County Seat of Washoe County, the wealthiest county in Nevada.

RENO

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State, and there is no failure of crops.

Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.

NEW ORLEANS La.

I suffered with catarrh for many years and got so deaf that I went about my Museums, Circus and Theatre giving directions and doing business with a big ear-trumpet at the side of my head. It was very annoying to me and amusing to those who saw me. By the advice of physicians I sought the climate of the Sunny South. In six months I could see no change and was discouraged. At this time I began using Chalmer's English Catarrh Cure. In three months I felt a new man, in six months my hearing returned. I refused to give a testimonial at once for the English Catarrh Cure, as I feared it was not permanent. But a year and more has now passed, and I can now heartily indorse Chalmer's English Catarrh Cure for the cure of catarrh and deafness.

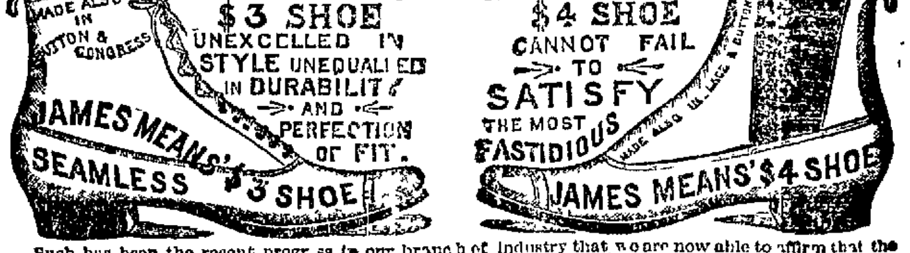
THE MARCH OF PROGRESS!

OUR LATEST IMPROVEMENTS!

"**Competition is the Life of Trade,**" and if you have not seen our latest improved goods you cannot imagine how lively [illegible] our competitors have to work to keep within sight of us. Ask your retailer for the **JAMES MEANS' $3 SHOE**, or the **JAMES MEANS' $4 SHOE** according to your needs.

Positively none genuine unless having our name and price stamped plainly on the soles. **Your** retailer will supply you with shoes so stamped if you insist on his doing so; if you do not insist, **some** retailers will coax you into buying inferior shoes upon which they make a larger profit.



MADE ALSO IN BUTTON & CONGRESS
JAMES MEANS' $3 SHOE
UNEXCELLED IN STYLE
UNEQUALLED IN DURABILITY
AND PERFECTION OF FIT.
JAMES MEANS' SEAMLESS $3 SHOE
JAMES MEANS' $4 SHOE
CANNOT FAIL TO SATISFY THE MOST FASTIDIOUS
MADE ALSO IN LACE & BUTTON
JAMES MEANS' $4 SHOE

Such has been the recent progress in our branch of industry that we are now able to affirm that **the** James Means' $4 Shoe is in every respect equal to the shoes which only a few years ago were retailed at eight or ten dollars. If you will try on a pair you will be convinced that we do not exaggerate. Ours are the original $3 and $4 Shoes, and those who imitate our system of business are unable to compete with us in quality of factory products. In our lines we are the largest manufacturers in the United States.

One of our travelling salesmen who is now visiting the shoe retailers of the Pacific Coast and Rocky Mountain Region writes from there as follows:

"I am more than satisfied with the results of my trip. I have thus far succeeded in placing our full line in the hands of 'A No. 1' dealers in **every** point I have visited." He goes on to say, "This is a **splendid** region for us to sell shoes in, because most of the retailers are charging their customers at retail about double the prices which the shoes have cost at wholesale. The consequence is that the people who wear shoes are paying six or seven dollars a pair for shoes which are not worth as much as our **JAMES MEANS' $3 and $4 SHOES.** Our shoes with their very low retail prices stamped on the soles of every pair are breaking down the high prices which have hitherto ruled in the retail markets here, and when a retailer puts a full line of goods in his stock they at once begin to go off like hot cakes, so great is the demand for them."

Now, kind reader, just stop and consider what the above signifies so far as you are concerned. It assures you that if you keep on buying shoes bearing no manufacturers' name or fixed retail price stamped on the soles, you cannot tell what you are getting and your retailer is probably making you pay double what your shoes have cost him. Now, can you afford to do this while we are protecting you by stamping our name and the fixed retail price upon the soles of our shoes before they leave our factory so that you cannot be made to pay more for your shoes than they are worth?

Shoes from our celebrated factory are sold by wide-awake retailers in all parts of the country. We will place them easily within your reach in any State or Territory if you will invest one cent in a postal card and write to us.
